

YARROW

An oil finish with a smooth, satin hand feel and medium wire brush. Some knots and handsome cracks are left unfilled on more natural grades. Large cracks and knots filled with dark epoxy. Yarrow is a natural finish with medium color variation and is offered in four unique grades, widths up to 12 inches, and lengths over 10 feet.

* Wood is a natural material. The availability of specific species, grades and dimensions can vary on a month-to-month basis. For that reason, we cannot guarantee lead times on all products. This is especially true for longer lengths, wider widths, and cleaner grades.
