

FERN

Natural oxidized oil in a soft matte finish. Light brushed texture. Larger knots are filled with light epoxy on natural grades. Elm features dynamic grain patterns and medium color variation. Planks are available in five unique widths and standard lengths of 5 to 10 feet. Fern is available in natural and choice grading.

* Wood is a natural material. The availability of specific species, grades and dimensions can vary on a month-to-month basis. For that reason, we cannot guarantee lead times on all products. This is especially true for longer lengths, wider widths, and cleaner grades.
